THE JENKINS NURSERY

Catalogue of Evergreens, Shrubbery, Shade Trees, etc., for Ornamental Planting

"Hills of Snow" Hydrangea Arborescens Grandiflora Blooming in Our Nursery

J. Jenkins & Son (Columbiana County)
Winona, Ohio
A MESSAGE TO YOU

The Jenkins nursery was established over sixty years ago by J. Jenkins, the present senior partner, and has been in operation continuously since that time. Until recently we have confined ourselves to growing lining out stock, which we sold at wholesale only. We have lately transplanted a quantity of ornamental shrubbery, evergreens, shade trees, etc., which we now have ready for permanent planting, and will be glad to be of service to you.

We are constantly adding new varieties to our stock, if you do not find what you want listed in this catalogue, write us, we may have it.

We are located five miles south from Salem, Ohio, at end of brick road, and will be glad to show you our stock.

No business transacted on Sunday.

Terms—Cash with order, unless otherwise agreed upon. Orders to be shipped C. O. D. must be accompanied by one-fourth the amount.

Our shipping point is Salem, Ohio, on the P. F. W. & C. division of the Pa. R. R.

We guarantee our stock to be in good condition when delivered to the forwarding company, where our responsibility ceases. If stock should suffer through delay in transit, claim should be made at once on transportation company.

Guarantee—We guarantee our stock to be true to name and of grade specified, we make no other guarantee either express or implied as to quality, productiveness, etc., on account of the many conditions over which nurserymen have no control, such as planting, cultivation, weather, fertility of soil, rainfall, etc., we do not guarantee the life of the stock. Legally our responsibility ceases on delivery to forwarding company.

(Signed)—J. JENKINS & SON.
The Spruces

Picea excelsa  
**NORWAY SPRUCE**

The most popular and widely planted evergreen. Good for specimens, windbreaks, hedges, Christmas trees, etc.

The Junipers

Juniperus Sabina

SAVIN JUNIPER

Spreading habit, deep green, valuable for rock gardens, borders, etc. Make a nice contrast with other low growing evergreens.

18 to 24 in. .............. $2.50 each

Juniperus hibernica

IRISH JUNIPER

A good upright grower, bluish green foliage summer and winter, needs shearing occasionally.

Each 10
18 to 24 in. ........................................ $1.50 $10.00
2 to 3 ft. ............................................. 2.00 15.00
3 to 4 ft. ............................................. 3.50 30.00

Juniperus Pfitzeriana

PFITZERS JUNIPER

Beautiful bluish green foliage on whips like branches that usually stand at an angle, rather spreading habit. Irregular shape, fine for group planting, very hardy.

2 to 3 ft. ............................................. $6.00 each

Juniperus stricta

Dwarf erect branches, compact ball shaped. Distinct bluish color, very beautiful.

12 to 18 in. ............................................ $6.00 each

Juniperus virginiana

RED CEDAR

A native American tree, variable in form, mostly pyramid in shape. Apt to lose their lower branches. Stands shearing.

18 to 24 in. ............................................ $1.50 each
2 to 3 ft. ............................................. 2.00 each
Foundation Planting of Retinispora and Pyramid Arborvitae

The Retinosporas

Retinospora plumosa aurea
Erect pyramidal shaped tree with feathery plume-like foliage of golden color.
10 to 15 in. ........................................ $1.00 each

Retinospora squarrosa
Foliage soft, light bluish or silvery color, bushy and compact. Plant in a sheltered place.
18 to 24 in. ........................................... $2.00 each
2 to 3 ft. .............................................. 2.50 each

Retinospora pisifera aurea
Drooping symmetrical tree with flattened foliage distinctly golden in summer.
2 to 3 ft. .............................................. $2.50 each

Retinospora obtusa nana
Very dwarf and compact dense heavy foliage, slow growing.
10 to 15 in. .............................................. $2.50 each
Mugho Pine in Foundation Planting

**Pines Etc.**

**Pinus Mughus**
18 to 24 in. spread .............................................. $3.00 each

**Pinus sylvestris**
Quick strong grower, good for windbreaks or protective screens.
2 to 3 ft. ......................................................... $1.50 each

**Mahonia aquifolia**
Glossy, prickly holly-like foliage, green in summer changing to bronze in winter. Profusion of blue berries in late summer, very beautiful.
12 to 18 in. .................................................. $1.00 each
18 to 24 in. .................................................. 1.75 each
Arborvitae Used in Foundation Planting

Arborvitaes

Thuya Ellwyangeria  
**TOM THUMB ARBORVITAE**
Low dense growing, slender feathery branches, deep green in summer, reddish tinge in winter.
10 to 15 in. ........................................ 75c each

Thuya globosa  
**GLOBE HEADED**
Dense low globe head, good shade of green.
Mail size ............................................ 50c each

Thuya compacta  
**COMPACT ARBORVITAE**
Dwarf dense little trees, frequently wider than high, very desirable in beds or low hedges.
12 to 18 in. ........................................ $1.50 each
18 to 24 in. ........................................ 2.00 each

Thuya Lutea  
**GEO. PEABODY ARBORVITAE**
Very distinct golden, color retained throughout the summer, one of the best of this color.
Mail size ............................................ 75c each
Pyramid Arborvitae in Corner Planting

Thuya Orientalis  
**CHINESE ARBORVITAE**  
Symmetrical habit, pleasing light green foliage, not hardy as far north as some varieties.  
Mail size ................................................................. 50c each

Thuya Hoveyii  
**HOVEY'S GOLDEN**  
Small compact hardy tree. Light green foliage with golden tinge to new growth of foliage.  
10 to 15 in. ................................................................. $1.00 each

Thuya pyramidalis  
**PYRAMID ARBORVITAE**  
Erect narrow column of good green color.  
2 to 3 feet ................................................................. $1.75 each

Thuya Orientalis aurea nana  
**BERCKMAN'S GOLDEN**  
Conical dense and compact, yellowish green in summer, dark green in winter.  
12 to 18 inch ............................................................. $2.50 each
The Hydrangeas

Both varieties we offer are hardy, and with proper care will bloom the first season.

Hydrangea paniculata grandiflora

We recommend this as the best flowering shrub, good any way you plant it, singly, in groups or as a hedge. Very large showy flowers. We have had blooms twelve or more inches in length by ten inches in diameter. White at first, later shaded with red and green. Blooms can be kept dry inside all winter. Blooms from August until frost.

Common Snowball

The Viburnums

Viburnum opulus

HIGH BUSH CRANBERRY

A much planted shrub six to ten feet high. One of the best red berried plants for fall or early winter effects. Single flat white flowers. Valuable as a background for smaller shrubs.

1 to 2 ft. ........................................ 40c each, $3.00 per ten
2 to 3 ft. ........................................ 60c each, $5.00 per ten

Viburnum opulus nana

An interesting and desirable dwarf form.

12 to 15 in., transplants .................................. $ .75  $ 6.50

Viburnum Plicatum

JAPAN SNOWBALL

One of the choicest hardy shrubs, with healthy dark foliage. The perfect balls of pure white flowers are borne in great profusion in May.

12 to 18 in. ........................................... $ .50  $ 4.00

Viburnum opulus sterilis

COMMON SNOWBALL

The well known and largely planted Snowball shrub. Blooms early in June, flowers large, round and white.

1 to 2 ft. .......................................... 50c each
Weigelia Rosea

The Weigelias

Very desirable shrubs either for specimens or in groups. A beautiful profusion of flowers in May and June. A few varieties blooming to some extent throughout the summer.

Weigelia Rosea  
PINK AND WHITE
The old-fashioned much planted Weigelia, having flowers varying from white to deep pink, in May and June.

The Spireas

A valuable and indispensable group of shrubs, having a great variation as to size, color and time of blooming, of the different varieties. They do best in moist fertile soils, and like sunshine.

Spirea van Houtte  VAN HOUTTE or BRIDAL WREATH

One of the finest. Forms a white fountain of flowers in May. Used singly, in groups and foundation plantings. Foliage attractive.

<table>
<thead>
<tr>
<th>Size</th>
<th>Each</th>

The Forsythias

No garden or lawn is complete without a few specimens of those grand old shrubs. The first to bloom in the spring. The branches covered with yellow bell-shaped flowers before the leaves appear, the glossy deep green foliage following the flowers is very ornamental. Valuable for planting at top of retaining wall, as some branches are erect and others hang down. The flowers on all varieties are similar.

Forsythia fortuna
Most erect variety.  
FORTUNE'S GOLDEN BELL

Forsythia intermedia
Slender erect or arching branches. Vigorous grower.  
HYBRID GOLDEN BELL

Forsythia viridissima
Dark green foliage.  
DARK GREEN GOLDEN BELL

Each     10     100
Any above variety $ .35 $ 3.00 $ 25.00
White Flowering Dogwood Blossoms

The Dogwoods

**Cornus florida**  
**WHITE DOGWOOD**  
Tree form with large white flowers, early in spring. Red berries in fall, beautiful ornamental tree.  
2 to 3 ft. each, 50c; per ten, $4.00

**Cornus florida rubra**  
**RED DOGWOOD**  
As above except has conspicuous red flowers.  
2 to 3 ft. each, $1.25; per ten, $10.00

**Cornus sanguinea**  
**RED-BARK DOGWOOD**  
Red bark, white flowers, tall shrub.  
Each 10 100  
2 to 3 ft. $ .50 $ 4.00 $ 30.00

**Cornus stolonifera**  
**RED OSIER DOGWOOD**  
Dark red bark, spreading habit with white flowers.  
2 to 3 ft. each, 50c; per ten, $4.00

**Cornus stolonifera lutea**  
**YELLOW BARK DOGWOOD**  
Very valuable for its enlivening winter effect, its bright yellow bark being very conspicuous. Has white flowers followed by white berries.  
Each, 60c; per ten, $5.00.

**Cornus siberica**  
**SIBERIAN DOGWOOD**  
One of the best red barks for winter effects.  
2 to 3 ft. each, 60c; per hundred, $5.00
Hedge Plants

**Berberris thunbergii**  
**JAPAN BARBERRY**  
Without doubt the best plant for a low hedge. May be either sheared or let grow naturally. Small yellow flowers, followed by red berries that remain during the winter. Foliage in autumn beautifully colored. Also frequently planted snugly or in groups.

Buddleia—Butterfly Bush

Flowering Shrubs

Golden Elder
Foliage of beautiful golden color retained throughout the entire season. Gives an enlivening effect when used with other shrubs or separately.

Each 10
1 to 2 ft. ............................................ $ .35 $ 3.00
2 to 3 ft. ............................................ .50 4.00

Calycanthus florida CAROLINA ALLSPICE
Grows to about six feet. Strong growing, well known for its spicely scented chocolate red flowers, known in many localities as "shrub."

Each 10
1 to 2 ft. ............................................ $ .35 $ 3.00
2 to 3 ft. ............................................ .50 4.00

Buddleia magnifica BUTTERFLY BUSH
Butterfly Bush or Summer Lilac. Begins blooming early in summer and continues until frost. Very fragrant. Semi-herbaceous. Tops sometimes die back to ground during a cold winter. Roots are perfectly hardy, but a mulch of manure or leaves in fall will give them a better start in the spring.

Each 10
Strong plants ............................................ $ .35 $ 3.00
Hibiscus

A valuable perennial, three to five feet high, beautiful showy flowers during late July and August. Does well in either wet or dry soil.

- Good strong roots, white or pink: $0.25, $2.00, $15.00
- Good strong roots, red: $0.30, $2.50, $20.00

Philadelphus coronarius

Large compact shrub. Fragrant showy white flowers, similar to orange blossoms. Blooms in June, very popular. Sometimes called Syringa.

- 1 to 2 ft., transplanted: $0.25, $2.00, $10.00
- 2 to 3 ft., transplanted: $0.35, $3.00, $25.00

Syringa vulgaris

The old-fashioned tall shrub. Too well known to need description.

- 2 to 3 ft.: $0.30, $2.50
- 3 to 4 ft.: $0.50, $4.00
Catalpa Bungeii

Ornamental Trees

Catalpa Bungei  UMBRELLA CATALPA
The dwarf variety grafted on stems about six feet high makes a natural umbrella shaped head with glossy heart shaped leaves.
5 to 6 ft. ....................................... each, $2.00; per 10, $17.50

Morus alba  TEA'S WEEPING MULBERRY
The most graceful weeping tree, long slender, willowy branches, drooping to the ground.
Each .............................................. $2.50

Riversii  RIVER'S PURPLE BEECH
Medium sized tree with purple foliage changing to red and purplish green in autumn. A fine tree for the lawn.
3 to 4 ft. .............$3.50 each  4 to 6 ft. .............$4.00 each

Ioonsis Malus  BECHTEL'S FLOWERING CRAB
The only sweet scented double flowering crab.
2 to 3 ft. .............$1.00 each  3 to 4 ft. .............$1.25 each
American Linden

Salix Babylonica  BABYLONIAN WEEPING WILLOW
   The well known weeping willow, valuable as a specimen.
   6 feet, each ................................................... 75c

Acer dasycarpum  SILVER MAPLE
   Hardy rapid growing and produces quick shade. Under
   side of leaves a silvery color.
   8 to 10 ft., ½ to 2 in. cal., each ................................ $2.00

Ulmus americana  WHITE ELM
   Much used as a park and street tree. Tall, wide spreading
   and graceful.
   6 to 8 ft. ......................................................... each, 75c; per 10, $6.50

Tilia americana  AMERICAN LINDEN
   A stately symmetrical tree. Tall growing.
   3 to 4 ft. ......................................................... 50c each

Platanus orientalis  EUROPEAN SYCAMORE
   One of the quickest growing street trees, lofty and wide
   spreading with grayish green bark and patches of white.
   3 to 4 ft., whips only ........................................ 25c each

Quercus rubra  RED OAK
   A large tree of quick growth.
   3 to 4 ft. ......................................................... 75c each
Nut Trees

Juglans cinerea
Butternut
Nuts of longer shape than Black Walnut and milder flavor.
